The Hawaii Floriculture & Nursery Association (HFNA) will host a series of Floral Design Workshops on each of the four main Hawaiian Islands during the months when our product is most abundant.

Each workshop will be led by guest floral designers and a local designer from each island. Expect beautiful demonstrations on creating impactful tropical floral décor, bouquets, and flowers to wear for weddings, corporate functions, holidays and other special occasions. We will be showcasing floral varieties distinctive to each island.

Attendees will also participate in an extensive hands-on portion of the workshop where they will create beautiful tropical floral designs with feedback and guidance from our expert team of instructors. Lunch will be provided for each workshop.

As part of the workshops, we will offer a guided nursery bus tour of island nurseries and facilities. Visitors will be able to view for themselves the beauty, diversity and freshness of our tropical flowers and foliage and how they are grown. Bento lunches will be provided on each tour.

Hotel reservation forms for host hotels on each island will be sent as registrations are received.
